PROJECTS

Car Parking

- Developed a Java-based website to manage vehicle entry, exit, and parking slot allocation efficiently.
- Implemented file handling and object-oriented concepts to maintain real-time parking records.

AI-Based Sign Language Recognition System

- Developed a real-time model using deep learning to recognize and translate sign language gestures into text.
- Implemented using Python, TensorFlow, and OpenCV to enhance accessibility for the hearing-impaired.

IoT-Based Smart Automation Physiotherapy Instrument

- Developed an IoT-based automated physiotherapy instrument using the ESP32 to assist controlled limb rehabilitation exercises.
- Integrated flex and force sensors with a motor-driven mechanism to monitor joint movement and track physiotherapy session data in real time.

RightToKnow – RTI Management System (Full Stack)

- Built a full-stack web application to streamline Right to Information (RTI) request filing, tracking, and department management for citizens.
- Developed RESTful APIs using Node.js and Express.js with MongoDB; implemented JWT-based authentication and role-based access control (Citizen, Dept Admin, HOD, Main Admin).
- Built the frontend using React.js and Tailwind CSS with multi-language support (English & Tamil), real-time application tracking, and an AI-assisted smart RTI query builder.
- Integrated AWS S3 for cloud storage, Nodemailer for email notifications, and Twilio for SMS alerts with complete audit logging.

EXPERIENCE

Trios Technologies (Deep Learning), Chennai, Tamil Nadu

Intern June 2025 – July 2025

- Learned and worked on deep learning concepts using Python and TensorFlow.
- Gained practical experience in data preprocessing and model training.

F5Coders (AIML), Tiruchirappalli, Tamil Nadu

Intern Dec 2025 – Jan 2026

- Worked with Python-based ML libraries (NumPy, Pandas, and Scikit-learn).
- Analyzed datasets and built predictive models during the internship tenure.

CERTIFICATIONS & WORKSHOPS

- Tableau – Data Visualisation
- Photoshop Workshop – Kumaraguru College
- Python Workshop – IIT Madras
- Active participant in coding platforms: LeetCode, HackerRank

LEADERSHIP & ACTIVITIES

- Class Representative – Department (AI & DS), Present 2025–26
- Active in sports – Chess
